

NORTHERN ROCKIES COORDINATING GROUP

November 22, 2013

To: All Interested and Current Incident Management Team Members

From: Northern Rockies Coordinating Group (NRCG)

Subject: Need for All Individuals Interested to be on 2014 Northern Rockies Incident Management Teams to Apply/Reapply

The Northern Rockies Coordinating Group (NRCG) and the Executive Team are asking any interested individuals and all current team members to apply for team membership for 2014.

According to the procedures in the Northern Rockies Incident Management Team Plan, six of our teams need to re-apply (Benes, Heintz, Hutton, Kusicko, Pearson, and McBratney) and the remaining teams (Fry, Poncin, Turman) are asked to apply in order to have one current and updated database containing all team member information.

The NRCG is planning to fill the same number of teams as in 2013 if key team positions can continued to be filled. To help the NRCG and the Executive Team to make informed decision about team status in the Northern Rockies it is necessary for all team members to reapply. This will provide baseline data to both groups about team membership, shortage positions, and level of participation from the various member agencies.

In order to continue with the level of strong, quality teams from the Northern Rockies, the NRCG Board and the Executive Team encourage anyone interested in being on and supporting our teams to apply.
